Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

This is but one more example of how dysfunctional my government truly is. Come on guys, are there not much bigger problems to solve, oh lets say like our poor educational system or hows about unemployment. GET REAL, AND KEEP YOU HANDS OUT OF MY POCKETS FOR A CHANGE. Get out there and earn your own money.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Mark Jones
